About American Surgical Products

Protect Patients & Equipment with High-Quality Surgical Drapes

American Surgical Products provides a comprehensive range of disposable surgical drapes to maintain sterile environments necessary for successful procedures. These drapes allow medical professionals to introduce non-sterile equipment into the sterile field while minimizing the risk of patient infection, all while preserving your healthcare facility's investments.

Fast Delivery and Guaranteed Availability

We stock surgical microscope drapes at distribution centers across the U.S. to ensure quick delivery and constant availability. Our streamlined ordering process makes it easy to receive your products on time.

The American Surgical Products Advantage

At American Surgical Products, we apply our years of experience in medical supply manufacturing and distribution to streamline the procurement process for our customers. As a result, we deliver products to your surgical center, healthcare facility, or hospital in the shortest amount of time possible. Our knowledgeable customer service team takes care of your questions so you can enjoy the best ordering experience possible.
